Our VISION

To be amongst the premier providers of building & furnishing materials and services in the United Arab Emirates. We shall endeavor to be the most preferred supplier amongst customers that we deal with.

Our MISSION

To provide quality building & furnishing materials and supplies to our customers. Our core values-teamwork, integrity and service, show in our commitment to being more than just a supplier and to being true partners on every job, every time.

Our CORE VALUES

- **Commitment:** We develop relationships that make a positive difference in our client's life. We build trust not by making promises, but by keeping them.
- **Quality:** We provide outstanding products and unsurpassed service that, together, deliver premium value to our clients.
- **Integrity:** We uphold the highest standards of integrity in all of our actions.
- **Teamwork:** We work together, across boundaries, to meet the needs of our clients.
- **Self - Development:** By providing the best environment to grow, we believe in valuing our people, helping in their development, and reward them.
- **Good citizenship:** We are good citizens in the communities in which we live and work.
- **A will to win:** We exhibit a strong will to win the hearts and hence the markets.
- **Innovation:** We always innovate; therefore, we are. A strong R&D followed by an organization's ability to learn, understand, and solve by acting rapidly is the ultimate competitive advantage.
- **Entrepreneurship:** Every individual is an entrepreneur of their own work

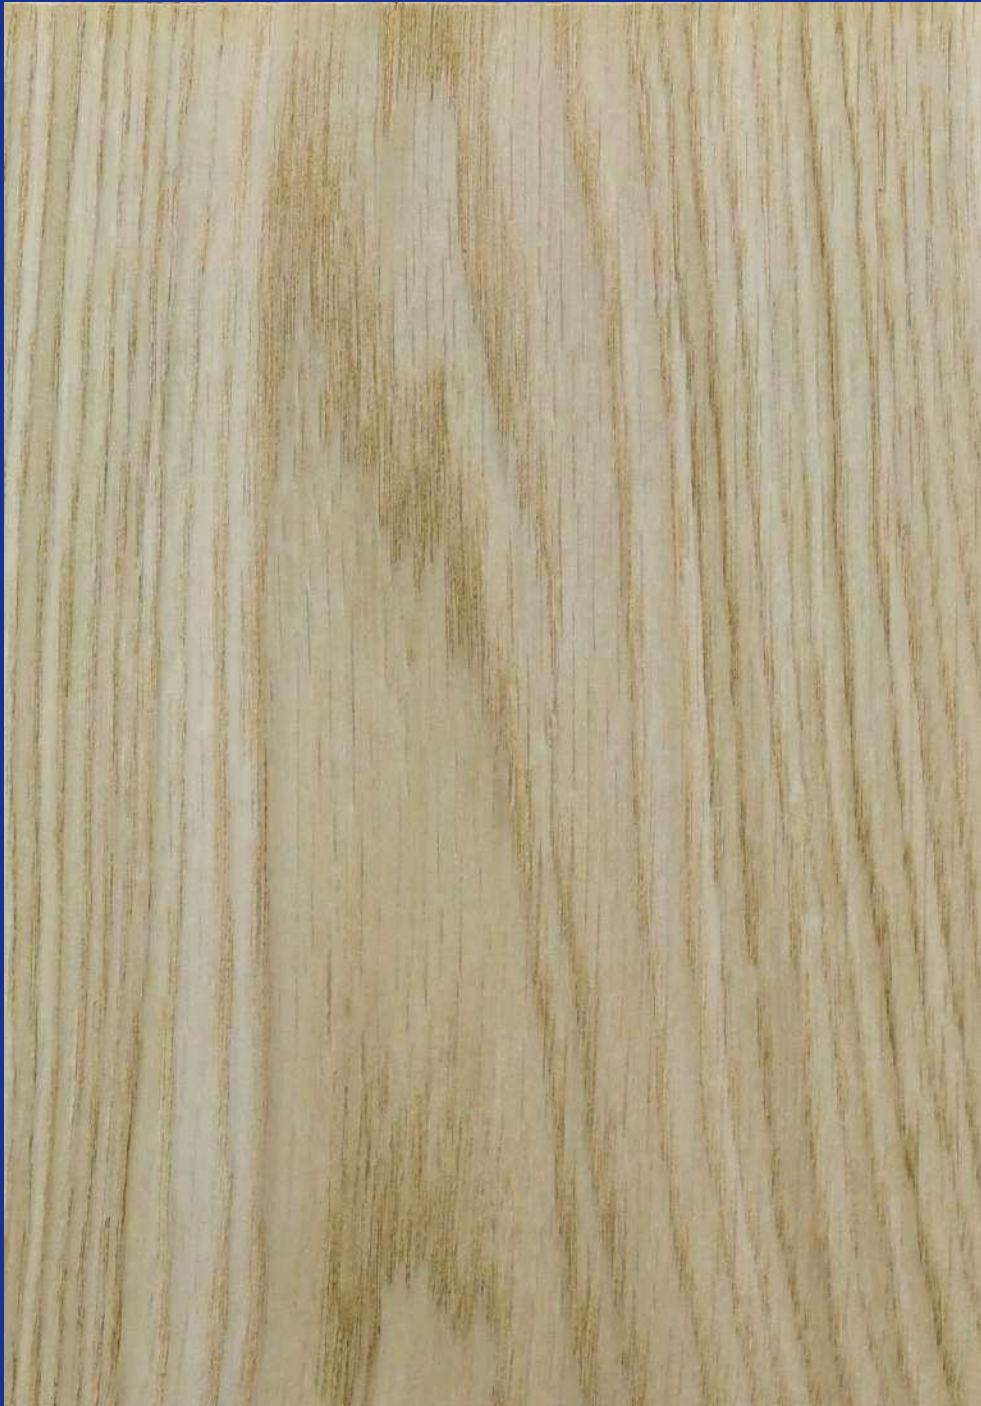

Veneers in OAKBURL®

Wood veneer is the finest expression of wood. Veneer is a thin layer of wood which is cut from a log, peeled in different ways to give you the grains that makes the wow factor in your creations. We are offering these collections in order to make the use of wood veneer products more accessible and easier to process. Each new collection has to meet the same basic requirements: innovative, qualitative and environmentally aware. We are happy to host you in our showroom, helping you select your personal choice of veneer. This means that you can be certain that the veneer is everything you anticipated it would be.

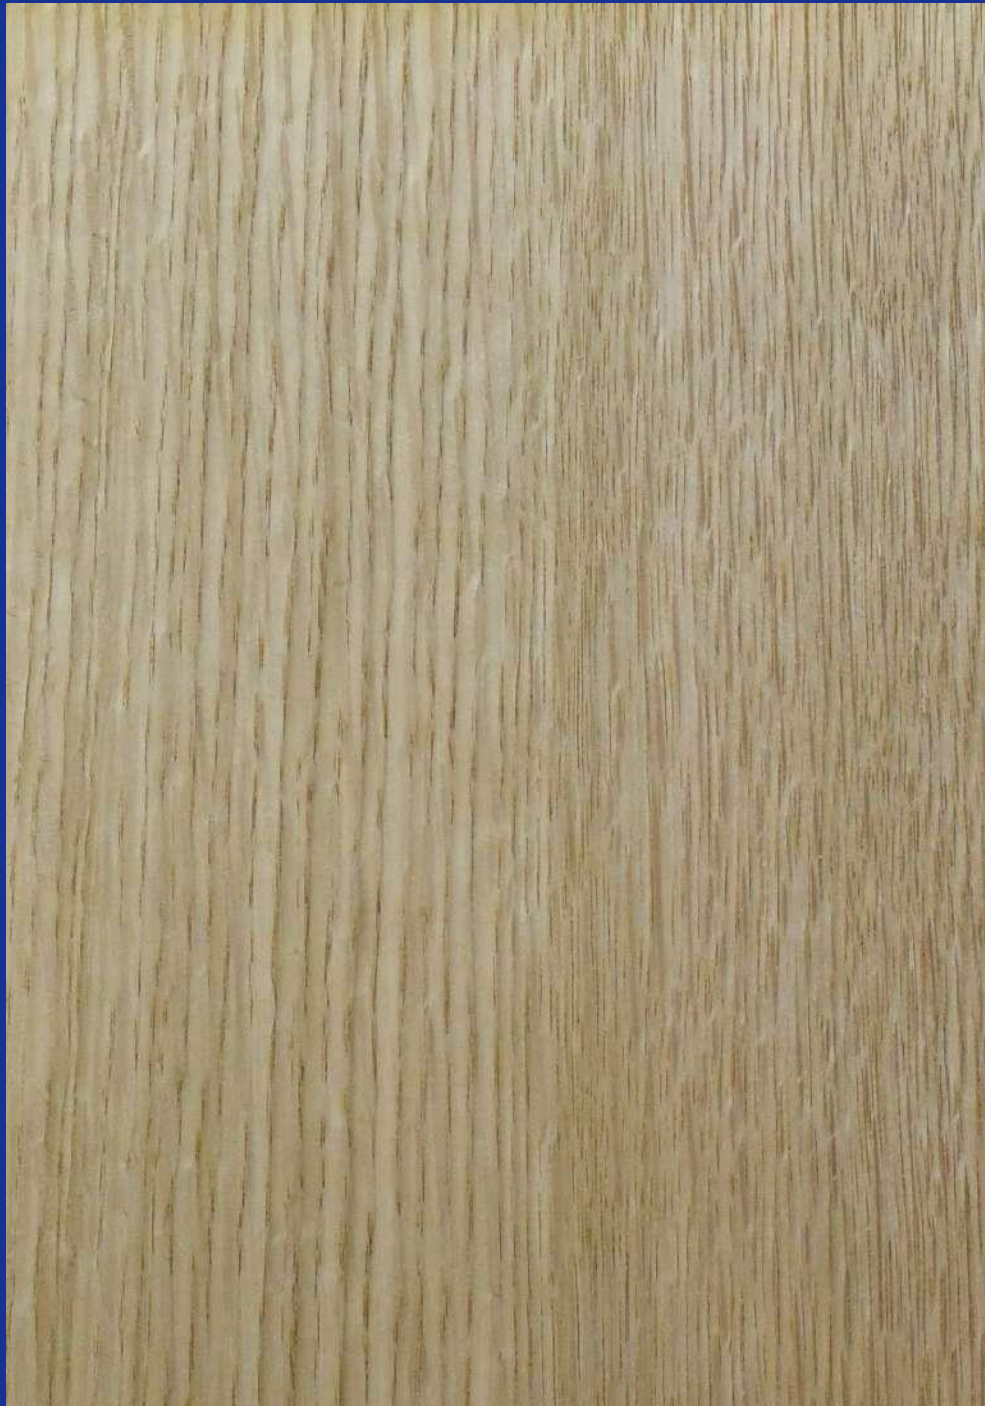

NATURAL VENEER

Integrating wood into a project can be done in various ways. Every wood has a place in a project. In Oakburl® wood consultants are happy to assist you with advice to define the best product both aesthetically and technically. With our custom-made solutions, every part of the product can be determined in detail. In addition, Oakburl® also offers several collections that offer answers to common interior challenges. In this way, these ranges make the specification and processing of veneer with ease. Make an appointment with one of our veneer specialists to specify the ideal product for your project. You can count on professional guidance and the advice of expertspecialists.
